### Boyes Springs To Hold Third Annual May Day Carnival

### Apple Men Elect Board Of Directors At Yearly Meeting

#### IMPROVEMENT

#### CLUB PLANS BIG FESTIVAL

Annual Festivities Over May Day Week End Will Be In Hands of Organization Headed By J. Post

The annual May Day Carnival will be held again at Boyes Springs this year, the Boyes Springs Improvement Club having decided to sponsor the festival for the benefit of the new club house to be erected by the organization. The fiesta will be held for four days beginning Thursday, May first and terminating on Sunday May fourth. At a meeting presided over by James Post, President of the club, the following committee chairmen were named to arrange for the carnival:

H. S. Smith, General Chairman and manager of concessions; T. S. McMann, Publicity; Mrs. Geo. Samuel Queen contest; Mrs. T. Borgwart, assistant; H. Peterson, Dancing; H. Sykes, Sports; Mrs. Jas. Post, Entertainment; Geo. Samuel, Decorations. Already the live wire committee heads have outlined a tentative plan for the four days of the festival as follows:

May 1st.—Valley of the Moon Day.  
11:00 a. m. Coronation of the May Queen.  
11:30, Parade  
1:00 p. m., Reception.  
3:00 p. m. Childrens May Pole Dance  
9:00 p. m. Grand Ball, Prize Waltz.  
May 2nd.—Sonoma Day.  
Sports and athletic contests, baseball game.  
9:00 p. m. Dancing and Prize Waltz.  
May 3rd., California Day.  
Award of Prizes. Baby Show.

#### Arbor Day Observance

Mrs. E. K. Stevenot, a former Sonoma resident, and prominent in club circles of California, writes to the editor of the Index-Tribune urging that Sonoma celebrate Arbor Day, March 7th, this year. She recalls that thirty years ago she planted trees at the old high school grounds on Arbor Day and hopes that Sonoma's beautification program will be taken up with enthusiasm in 1924 by club women or schools. Mrs. Stevenot says Nebraska, once called the treeless state, is now called the tree planters state.

A program for a community tree planting day will be furnished by Mrs. Stevenot if some organization will carry forward the plan to observe Arbor Day here.

#### \$15,000 RESIDENCE IN VALLEY OF THE MOON

T. Beudet of San Francisco is erecting a \$15,000 residence and country place at Kenwood which is to be improved in real country villa style and will be one of the show places of the Sonoma Valley. The grounds were laid out by R. Specht, surveyor.

grand Mardi Gras and prize waltz.  
May 4th.—Base Ball Game, Concert. Final Grand Awards.  
Arrangements are being made to hold the Queen's Ball at the Coney Island Pavilion.

The May Day festivities will be advertised widely and everyone invited to come to Boyes Springs over that week end and help celebrate the rehabilitation of the popular resort, beloved by hundreds of vacationers.

#### Would Add Fifteen Cent Tax To Be Used For City Park Purposes

At a meeting of the Sonoma city trustees Wednesday night, Trustees Bulotti, Bates and Lindley were present. Ordinance No. 161, authorizing a tax of 15c for park purposes, was given its first reading.

The ordinance will be voted upon at the regular city election April 14th and if approved by the people will enable the trustees to improve the Plaza planting it to lawn and maintaining it after a suitable irrigation system has been extended to areas to be improved. About \$1000 has already been donated by popular subscription for a children's playground which will occupy one corner of the eight acre square. The money which would be derived from the proposed 15c tax will improve and maintain the rest of the Plaza and could be used for that purpose only.

The transformation of the Plaza into a park is a long cherished dream of local residents, but lack of funds has precluded the improvement in past years. The proposed tax should solve the problem and it is predicted the people will vote the 15c tax by a big majority. As far back as 1885 effort was made to beautify the public square, but lack of water and money prevented much being done.

Some trees were set out and protected by a fence from the cattle which then grazed the streets, but the cost of painting the fence was a big item and little was left for other Plaza improvements. A news item from the Sonoma Index-Tribune of July, 1885, gives an idea of former primitive methods to keep alive trees in the park. The paper says:

"The young trees in the Plaza received a thorough drenching on last Monday (July 13, 1885). John Miller with a cask of water is what did it." Miller was a drayman and evidently hauled the water from tree to tree.

The report of the tax collector was placed on file and referred to the finance committee.

City Engineer Specht submitted a map of the city which is to be the nucleus of an official map when it is completed.

Manager Garrison of the Pacific Gas and Electric Company asked the trustees for data on the population of the city and other points which he hopes to submit to his company with the idea of getting a better rate for Sonoma consumers of light and power.

Six new street lights were ordered by the city, two to be placed in the Chase tract, one on Third Street West and three on Germany street.

#### New Officers Are Elected

At the primary election of officers of the Sonoma Valley Women's Club on Friday of last week Mrs. R. L. Watt was elected president, having served last year as vice president. She succeeds Mrs. Rae Hunter, who retires after two very successful terms of office.

For vice president Mesdames Wicker and Adler were nominated.

The secretaries will remain the same as last year, Mrs. C. Burlingame and Mrs. Will Clewe, the latter corresponding secretary.

Trustees are Mesdames Lowell, Adler, Tate, Leiser and Wicker.

Civic section, Mrs. A. Bates.

Music, Mrs. A. R. Grinstead.  
History and landmarks, Mrs. W. L. Murphy.

#### WEDDING AT SONOMA VISTA CLUB HOUSE

Judge Justi Married Mrs. L. Turner and George H. Sears In Presence of Many Friends.

Wedding bells rang out at the pretty Sonoma Vista club house Wednesday evening when Judge Leopold Justi, presiding magistrate of Glen Ellen district, married Mrs. Louise Turner and George H. Sears. The happy couple plighted their troth in the presence of many friends who had been bidden to a party, but did not realize they were to be guests at a real wedding. Under a beautiful floral bell at 11 o'clock the ceremony took place, after which a sumptuous banquet was served, Mr. Meek acting as toastmaster in his accustomed genial style.

The club house was transformed into a festive scene for the party, many guests coming in costume and there being a wealth of confetti, serpentine and favors.

When the festivities were at their highest, the hostess, Mrs. Turner, surprised the company by donning her bridal costume and with the handsome groom took up her place beneath the bell where Judge Justi read the marriage service in dignified and impressive manner.

Dancing continued until a late hour after the wedding feast, Mr. and Mrs. Sears leaving at a late hour in their car for the honeymoon journey, amid the heartiest best wishes for success and happiness on the matrimonial sea.

Guests at the wedding included the following:

Mr. and Mrs. Beach, Mr. and Mrs. Decker, Mr. and Mrs. Fritchen, Mr. and Mrs. Samuel, Mrs. Haas, Mr. Meek, Mrs. Bidwell, Mr. and Mrs. Hillstrom, Mrs. Meek, Mr. and Mrs. Steinkamp, Mr. and Mrs. F. Stuermer, Mrs. DeHay, Mrs. Blair, Mr. and Mrs. Rush, Mr. and Mrs. Borgwardt, Mr. Fann, Mr. Weghofer, Mr. Dorsey, Judge Justi, Olga Weghofer, Sadie Perkins, Ella Berthe, Rita Lewis and Winifred Covell.

Jack Farris, the well known Vineburg blacksmith, took out a license this week at Santa Rosa to wed Mrs. Nellie Sullivan Montgomery of Broadway, Sonoma.

#### FRUIT GROWERS DISCUSS PLANS FOR THIS SEASON

W. J. Suggett New Member of Board To Serve Coming Year; New Marketing Proposition Submitted.

The Sonoma Valley Apple Growers' Association met in annual session last Monday evening at Vineburg, re-electing the old board of directors, with but one change. The new grower on the board is W. J. Suggett, who has the former Seipp orchards and has been actively interested in the welfare of the Association. Other members are George Cassidy, Henry C. Hyde, R. L. Watt, Ed Clements, Charles Cutter and A. J. Rubke.

The apple men expressed their faith in their Association, but decided to investigate new marketing agencies this year. The split in the Sebastopol Apple Growers Union and dissatisfaction at results obtained by marketing through the Sebastopol organization the past two years was instrumental in creating sentiment to make a change the coming year. No official action was taken, however, in this respect, the matter being held in abeyance until the directors shall meet and elect their officers, after which there will be a general meeting of the growers for further discussion of a marketing plan for Sonoma Valley's Gravenstein crop.

Four companies, among them the Stewart Fruit Company, submitted propositions Monday to act as marketing mediums for the growers. These proposals and others will be investigated and gone into thoroughly before a 1924 marketing plan is definitely decided upon.

An over-supply of apples in the market last season brought prices down to a lower level than the fruit growers anticipated. Shipments of 1700 carloads of Gravensteins reached the markets instead of 1000 carloads as formerly. With no outlet for the surplus, no preparation for a wider field of distribution and little advertising, the famed Gravensteins of Sonoma county slumped in a congested market.

The Sonoma Valley Apple Growers' Association is a strong organization and numbers among its members many good business men determined to work out the future of the apple industry here along business lines, co-operating on a program which will be of benefit to every member of the organization.

#### MRS. MARIA CHASE DIES SUDDENLY

Mrs. Maria Seipp Chase died suddenly at her home here yesterday morning of heart failure. The day previous she had a bad attack, but was not thought in imminent danger although a nurse and doctor were in attendance.

Deceased was the daughter of the pioneer Seipp family and died on the place where she was born over sixty-years ago.

Her husband, George Chase and two brothers, Henry and William Seipp preceded her to the great beyond. A son, George Chase Jr. and a brother Gustave Seipp survive her.

#### GIFT IS PRESENTED TO GROVER RUBKE

Last Monday evening, just before adjournment of the Sonoma Valley Apple Growers meeting at Vineburg, Grover Rubke, the accommodating N. W. P. railroad and express agent at Vineburg for the past ten years, was presented with a gold watch by the citizens of the community and vicinity.

On February 1st Mr. Rubke assumed his new duties at Schellville, through promotion, and upon his departure his friends, who number legion, recognized his past loyalty and faithfulness by tendering this tribute of their appreciation.

That Vineburg knows how is again attested by this well merited gift. It is refreshing to occasionally hear that appreciation is expressed so fittingly by for accommodating and self-sacrificing service of a public service employee. We congratulate Vineburg for this sentiment.

Last month while on a visit to Marysville Rubke's watch was stolen from his ranch house there, so it was most appropriate that he be presented with a new one. The time piece is a rail road Hamilton twenty-one jewel gold watch inscribed with the initials "G. C. R." and on the inside bears the inscription, "In appreciation of loyalty and service from Vineburg friends."

The gift was obtained through numerous small donations and was presented with a fitting speech by Walter Bundschu, which was answered by the greatly surprised and delighted recipient.

Mrs. Thomas Denny will entertain the Congregational Ladies' Aid Society at her home on Tuesday, Feb. 12.

#### BINNEY IS TAKEN BACK TO MONTANA

A sensational finish to the attempt of H. J. Binney to resist the edict of the governor permitting Montana officials to take him to Butte to face charges of fraud was the film man's disappearance on last Friday and his subsequent discovery in hiding at Santa Rosa, and prompt action by officers in hurrying him on to a train bound for the state where he will face a felony charge.

On the showing that Mr. Binney had business to attend to for the corporation here he was permitted liberty by Judge Thompson after the final extradition edict of Governor Richardson. Subsequently failing to locate him and hearing that his attorney, W. Quackenbush, was to institute habeas corpus to prevent this being taken to Butte, officers asked his bondsmen to surrender him. The bondsmen, Messrs. Levy, Nicman and Parrent, were in conference with directors of the Santa Rosa motion picture company on Friday night of last week when asked to produce Binney, and they hastened to comply.

Before they had located the comedian, however, he was discovered in hiding at a house of a friend in Santa Rosa, where, behind darkened windows, he thought himself safe. Deputy Sheriff Dickson and other deputies armed with the Montana warrant trailed him to his hiding place, effected an entrance to the house with a pass key and there came face to face with the fugitive.

Binney was quick to recognize Joe Ryan of Sonoma as one of the deputies and took his discovery good naturedly. The officers promptly led (Continued on Page Four)

## EL VERANO NEWS

By ARCHIBALD McKIVER

Mrs. G. E. Decker of Sonoma Vista entertained at dinner Sunday Mrs. G. H. Sears of Crisco, Iowa. She was entertained Monday by Mrs. Fred Lewis.

Miss Winnie Covell of San Francisco is the guest of Mrs. L. Turner of Sonoma Vista this week.

Supervisor Fred Lowell was in El Verano Saturday inspecting roads in these parts. It is rumored he contemplates many improvements on the main streets in this city, as many chuck holes are bothering motorists who hate to be bumped. This is good news to local taxpayers and boosters for a greater El Verano and better roads.

Bill Sutter, of the Presidio, San Francisco, was a week end guest at the Sutter home here. Captain T. Muldowney, retired from the San Francisco fire department, is here to spend some time at his home on Nob Hill. Of late Mr. Muldowney's health has not been very good, and he will build up his constitution in the good climate that has made Sonoma Valley famous.

Mr. and Mrs. Charles Brundage, the new owners of El Verano Villa, were here from San Francisco Monday to look over their newly acquired resort.

Albert Nelson, lessee of St. Francis Villa, was a business visitor to San Francisco the first of the week.

Saturday evening near the Madrone Vineyard an auto party in some way missed the road near a bridge and started down the embankment. The car caught on an obstruction as it started to overturn thereby saving the occupants from injury and preventing the machine from falling a number of feet into the ditch. The owners of the car, which was removed during the night, are unknown.

Charles Wackerman of San Francisco was a guest at the Dowdall home over Sunday.

Mrs. Max Coutts of Kenwood was a guest at the Rossi home Sunday.

John Basileu, local angler, landed a 10 pound steelhead salmon Monday at Horseshoe Bend, Schellville. This fish gave the local fisherman the battle of his life, but the veteran disciple of Izaak Walton after an hour of playing the fish, brought the prize to land. This catch is one of the best of the season and he is being congratulated by his brother fishermen.

Mrs. W. Wohlson is at her Sonoma Vista home. She now lives in San Francisco but may return to the Sonoma Valley to make her home.

Paul Vannucchi was a first of the week visitor to Verano from San Francisco looking over property interests and transacting business.

Albert Rossi is having an addition built on his home here and George Weaver, well known contractor and bolder, is doing the work.

The Sonoma Vista Improvement Club's dance Saturday evening was well attended by members and outside lovers of dancing. All enjoyed the

evening and fine music kept the people till the wee hours of the morning. The club is prosperous and many new members are enrolling.

Mrs. Lawrence and Mr. and Mrs. Orell of San Francisco were entertained Sunday at the John Fleming home in Sonoma Vista. Mrs. Orell is a daughter of Mrs. Fleming.

Jim Harrington, of Schellville, S. P. railroad foreman, was greeting El Verano friends Sunday.

Fred Jensen and wife of San Francisco were visitors to El Verano Sunday, returning home Tuesday. Mr. Jensen purchased several head of cattle while here and is now a regular cattle king.

M. Mericle has purchased a Ford car and is enjoying the new speeder.

Mr. and Mrs. W. E. Little of San Francisco were entertained Sunday at the Beach home.

Mr. and Mrs. P. Milletello who formerly resided in Sonoma, have taken up their residence in El Verano.

Fred Stevenot, assemblyman of El Dorado county, a former Sonoma boy, will have no opposition at the coming election. Stevenot is some politician and is fast climbing to the top of the political ladder.

Tom Laird, world famous sport writer of San Francisco Daily News, was a guest at the Pancrazi home in Glen Ellen Sunday. Tom will write the story of the Seals training when they go into camp at Boyes Springs this year.

A large number of theatre goers motored to Napa Sunday and attended the Hippodrome Theatre. The show was a good one and our townspeople are loud in their praise of the Napa playhouse.

Mrs. W. McAuley returned to Horn brook last Saturday after a several days' visit with relatives.

Phil Rossi, it is rumored, is contemplating tearing down the old Sonoma Valley stables, famous in the olden days when the horse was king, and the buggies popular with tourists visiting the valley. He will erect summer cottages where the old barn stood. This will be a big improvement, as the cottages are in great demand each year during the vacation season.

M. McAndrews, who resided in Sonoma 15 years ago, but now a traveling salesman for a San Francisco firm was in El Verano last week transacting business and greeting the boys who were his schoolmates in those good old days that have gone, never to return. McAndrews is looking prosperous and is building up a good business for his firm in the valley.

Crews on the local S. P. passenger trains are loud in their complaints about loose stock running on the rights of way. Owners should keep their stock up, as running stock on the right of way may cause a wreck and loss of life. At Boyes Springs recently the train was brought to a stop until the tracks were cleared of a herd of horses, cattle and goats.

Mrs. P. Burns of Verano was a week end visitor in Oakland.

E. Sobbe, N. W. P. employee, was visiting at the Weaver home over the week end.

Ed Boerner, who left El Verano where he was spending his vacation, on Christmas morning, being called to Camp Kearney by the death of his brother, Paul Boerner, arrived here last Saturday after having accompanied the remains back to Canton, Ohio, his home town. Boerner died as a result of sickness contracted while overseas. He enlisted from Canton in the spring of 1917 and served 14 months overseas as a member of the 260th Aerial Squadron, also being stationed in England for some time during the war. A large number of friends in the old home town attended the funeral. Ed met many of his old time friends who welcomed him home. He will spend some time in El Verano before returning to San Francisco, where he is a salesman.

Motorists are much pleased that the west side road is being graveled and would be still more pleased if it was nicely rolled. This road leads to Glen Ellen and is traveled daily by many autoists.

Irene Dowdall left for Winters on Monday morning where she will visit at the Archie Gale home in that city.

Allen Gale, station agent, has purchased a new Chevrolet through the H. Norrbom agency.

John Wadsworth of Alameda was a welcome visitor among old Sonoma Valley friends Tuesday.

Mr. and Mrs. Oliver Morton, who

have been occupying the Simmons residence for some time past, have removed to Napa where they bought a home and remodeled it.

### WINS FINE POSITION IN NEW YORK CITY

Miss Dorothy Madison, charming and accomplished daughter of Mr. and Mrs. J. H. Madison of Petaluma, is making her mark in the New York banking world. Miss Madison went to New York about six months ago and accepted a position in the Seamen's Bank for Savings. The story of Miss Madison's rapid promotion is well told by the following clipping from the Wall Street Journal of New York:

"Establishment of a service department in the old conservative Seamen's Bank for Savings, under the directorship of a woman, is another indication of the changes that have taken place in the old line savings banks and also the position which women are rapidly assuming in banking institutions. Miss Dorothy Madison, formerly assistant cashier of the Petaluma, California, Savings Bank, has recently been placed in charge of this department. Miss Madison will assist the 80,000 customers of this institution in the matter of investments, home budgets and the making up of income tax returns. She will also have charge of employees' savings clubs, as well as school savings."

As stated, Miss Madison began her banking career with the Petaluma Savings Bank, rising to assistant cashier and he broke under the burden of so that her success in New York is not only a credit to her but to the local bank where she gained her banking knowledge and training.

Miss Madison's relatives and wide circle of friends are more than delighted to learn of her splendid achievements. She is a grand daughter of J. B. Morris of Agua Caliente.

### ANOTHER IMMORTAL PASSES

Let us rejoice that the United States has produced such a man as the late Woodrow Wilson.

He took his place as one of our greatest Americans and it is no trite statement that the world was better for his having lived. He sought to translate into action his marvelous ideal of world peace and has left a better defined path toward that end than the nations of the earth ever before contemplated.

That a prophet is not without honor in his own country is demonstrated in the case of this patriotic citizen of the world, who stirred his countrymen to the realization of the practicability of the brotherhood of man. Even as the Nazarene, a thorny path beset this friend of mankind, this Messiah of peace, however, and all the calumny of American and European politics was heaped upon his scholarly head. It was more than his frail flesh, his finely strung system could endure and he broke under the burden of carrying forward his principles.

He witnessed the defeat of the party he had clothed with his idealism, yet lived to see peace, the great issue under the Republican administration, and his successor, the late Warren Harding, beloved by the nation because he dared to champion a policy designed to outlaw war.

Wilson and Harding, Americans have enshrined them in their hearts as two of the greatest friends humanity has ever had.

Perhaps in the council halls of the immortals they can correlate spiritual forces which will bring to fruition the ideals they glimpsed on earth, the ideals they set in motion here and which must continue to be the shib-

boleth of America regardless of party if we are to prove worthy of their martyrdom.

### THE TEAPOT DOME SCANDAL

The Teapot Dome scandal is a real tempest, with accent on the "pest." It seems to us that there is no oil there to pour on the troubled waters and the greatest sin was unloading the project on the fellow willing to lease it. Viewing it in a business light, the Nation probably got the best of the bargain though ethically the deal is subject to criticism and is therefore good pickings for politicians.

Anything the administration does toward political house cleaning will be rather for the effect on the public mind than for punishment. With Calvin Coolidge to guard the real interests of the people and conserve our commodities, America need have no fear of the political volcano which has developed on Teapot Dome. Tea leaf prognostication reads that the volcano will soon be extinct, the Democrats having about shot their last bolt.

### PROFESSOR DENOUNCES PROHIBITION

Dr. Nicholas Murray Butler of Columbia University gave an interview on the political situation before leaving for England to deliver a series of lectures. He declared:

"The prohibition question has been kept out of national party platforms for a generation through fear of political consequences, but it cannot be kept out of the minds of voters any longer.

"They are shocked and alarmed at the nation wide hypocrisy and lawlessness which have followed the adoption

of the Eighteenth Amendment and at the nation wide traffic, illicit, uncontrolled and untaxed, in alcoholic liquors. Some ostrich-like observers insist that there are no violations of the prohibition law outside of a few large cities in the East. I commend them to a study of conditions, say in Georgia and in Colorado both of which States were supposed to be dry before there was any Federal legislation of any kind.

"The Volstead Act is a lie, and a lie which flatly contracts the Eighteenth Amendment itself. Any political party which proposes to keep it on the statute book, unrevised and un-amended will find itself defeated at the polls—in many States overwhelmingly. The thousands of women voters who were instinctively in favor of prohibition are now that they have seen its practical results, as strongly opposed to its continuance. Moreover, there is deep resentment at the double jeopardy in which violators of the prohibition law are placed by reason of both national and State legislation.

"Until the decision of the United States Supreme Court in the Lanza case, the existence of this double jeopardy was unsuspected by people generally. They resent it, and justly resent it, and will punish those who insist upon maintaining it, not because it has to do with prohibition, but because it violates the fundamental principles of Anglo-Saxon jurisprudence and of American civil liberty. The prohibition mania is the most violent and obnoxious form in intemperance that I have ever known. Its spirit and its methods are those of the Salem witch burners of the seventeenth century. It has no regard for the Constitution save the Eighteenth Amendment, and no regard for law save the Volstead Act."

**AUTO ACCIDENT NEAR**

**THE GROSKOPF RANCH**

Sunday afternoon a Hupmobile car driven by Joe Chabot failed to make the turn near the Groskopf ranch at Vineburg and struck the wooden bridge around the turn with such impact that Miss Lena Bosworth, Oakland, was hurled from the car and badly injured.

Bleeding and dazed the victims of the accident were picked up by the Groskopf brothers and Clem Cornelius whose attention had been attracted to the speeding car and they were brought to Sonoma for medical aid. Miss Bosworth had a deep gash cut across her forehead and her neck was badly wrenched. The driver of the car was not seriously injured, and after receiving first aid treatment by Dr. Thomson, the injured autoists were taken to Napa where they had friends.

**MISS DRESEL'S PUPILS**

**WIN MUCH PRAISE**

The recital given by pupils of Miss Eva Dresel at the grammar school auditorium on Friday evening of last week was largely attended and the young musicians won praise for their intelligent grasp on the underlying principles of music and also for the technique being developed by their teacher.

The tiny tots, who were beginners, played ad lib in any key suggested and memorized wonderfully. Among the advanced pupils Miss Frances Murphy and Miss Grace Barr played with delicate appreciation of phrasing and with a tempo indicative of assurance based on excellent work.

The pupils were presented by their teacher in a graceful manner and acquitted themselves most creditably, both in the duet and solo numbers.

him to Ryan's car and he was driven to Sacramento after midnight and boarded a train with Deputy Sheriff Robinson, for Butte. Once out of Sonoma county the hoped for habeas corpus action was voided and Binney's extradition assured.

The promoter arrived in Montana Monday and when interviewed there by newspaper men denied any fraud in connection with the Vigilante Company he promoted to film pictures and declared he would establish his innocence. He also made the plea that his family was here in straitened circumstances, and that his prompt exoneration was imperative.

Binney's only asset, so far as Sonoma people know, is the picture he made here, "An Account of a No-Account Count," in which he has a 40 per cent interest. The Sonoma Photo Play Corporation retained a 60 per cent interest as its share in the two reel comedy which is valued at several thousand dollars. As all the scenes in the comedy have Sonoma Valley as a background, the corporation believes the picture will boost this locality and if the film does not sell in the regular market, the local company will probably exhibit it themselves or arrange for showing it to advertise this locality.

Morris Levy, of Vineburg, is president of the corporation which financed the making of the picture.

**J. P. McDONNELL ELECTED  
PRESIDENT OF APPELME**

E. C. Merritt, Manager of the Sebastopol Apple Union was reelected for a two year term following a bitter contest which has been waged for and against him. J. P. McDonnell who championed Merritt's cause, was named president of the Sebastopol apple organization at the meeting Thursday. McDonnell, a former Sonoma resident, is one of the most successful growers of the Anale district.

**SONOMA'S POULTRY**

**INDUSTRY DEVELOPS**

The time is at hand when greater stress should be laid upon the importance of the poultry industry of Sonoma Valley and its potential possibilities. Today poultry raising is one of the most stable types of farming in this section and is being followed by many progressive poultrymen.

Every phase of the industry is represented here, breeders of quality laying strains, baby chick hatcheries, pullet raisers, egg producers, egg and poultry dealers and shippers, manufacturers of incubators, brooders, egg testers and other poultry appliances; feed dealers and the Farm Center; all assisting in bringing the poultry business of this valley to the fore.

At the present time the hatching season is on and our hatcheries are shipping baby chicks of the highest quality to all parts of the Pacific coast, supplying customers of long standing besides many new ones.

Orders for A A A Chicks are being turned over to some of the local hatcheries from the great hatcheries of Petaluma, for they have recognized the quality of chicks produced here.

The list of Sonoma Valley hatcheries is a very creditable one—G. & C. Hatchery, Sonoma Valley Hatchery, Schellville Hatchery, Sonoma Vista Hatchery, State Home Hatchery, Wm. J. Otten, Buena Vista Hatchery, H. Ford, D. Colli, M. G. Pavlos. The extensive advertising of these firms in farm and poultry journals has drawn wide attention to Sonoma as a poultry center.

The Tancred, Hollywood, Ford, Ehlers strains of White Leghorns are being developed here and perhaps others. The experienced breeders of the valley are all striving for utility fowls with high egg records, and the vitality and production of the flocks show that they are succeeding.

Egg producing farms are numerous here but there is room for many times the present number in the vast tracts of undeveloped land in the valley, land which can be bought for less money than anywhere in California. The Sonoma Valley eggs are preferred by the dealers in San Francisco for cold storage as they come out of storage with a pure white shell; the inferior eggs have a pinkish color in the shell. This fact is due to the pure water here and is of vital importance.

As to the local manufacture of poultry appliances, the Dobbel Egg Tester is being shipped from Sonoma to all parts of the world in ever increasing numbers every year by F. W. Dobbel the inventor and former poultryman. Mr. Dobbel's large mail-order business has been built up through advertising and the merits of his tester.

The Kitchen Brothers have worked untiringly the past three years in this community to perfect their remarkable incubator and its unique equipment. With the cooperation of poultrymen using their machines, one improvement after another has been made until now the Kitchen Incubator stands in a class by itself.

Plans are now being perfected to supply the nation-wide demand for the products of the Kitchen factory.

Sonoma faces a new era in its development with the new highway under way, its completion will mark the beginning of a great influx of tourists, vacationists and settlers, land values will increase and business in general will prosper.

This Valley, located midway between the great poultry districts of Petaluma and Napa, is favored with every possible requirement necessary to place Sonoma on a par with her sister cities as a poultry center.

Awake, Sonoma! Opportunity knocks at your door.

Poultry Booster.

**DEATH CALLS MAYOR  
OF SANTA ROSA**

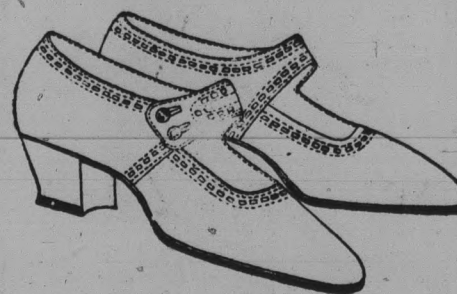

Sonoma Valley was shocked to hear of the sudden death of Mayor Pressley of Santa Rosa, who died suddenly following a banquet there which he was forced to leave on account of a sudden attack. He died shortly after reaching his home. He was 50 years of age and enjoyed a wide circle of acquaintances, the family being pioneers of Sonoma County.

### BUILDING AT BOYES SPRINGS PROGRESSING

The Boyes Springs Improvement Club have decided to purchase the lot 52x91 on the highway next to the Madrid Garden for a club house. The property is owned by Louis Kearney who made the club a very reasonable price on it.

Mrs. Dudley Ayres, known professionally as Isabelle Fletcher, stage favorite, has let the contract for a store and box ball alley, to be built on her property at Boyes. She will conduct a smart shop, a ladies' togery.

M. Y. Hansen is building a fireproof concrete building 45x75, for Bob Liaros, which will house a barber shop and also a store.

One of the Smith bungalows back of the hotel site has been completed and rented. Smith has now let the contract for another.

The new Cabanot block, home of the Woodleaf Store, is ready for the plasterers.

Mrs. Rochat, who has one of the pretty new homes at the Springs, will build a second bungalow for rent.

### SEARS POINT ROAD PERMIT IS DENIED

FAIRFIELD, Feb. 5.—Solano county supervisors, meeting yesterday, denied the petition of the Sears Point Highway Association in which they asked condemnation proceedings be instituted against property owners along the proposed highway which would link Vallejo and Mare Island to the Black Point highway.

The supervisors contend the road is a state project and that initial steps toward condemnation proceedings should be taken by the state.

### NEW DRY GOODS STORE FOR SONOMA

Mrs. Sarah Stein of Pittsburg is coming to Sonoma to open a new dry good store here. She will carry a complete line of dry goods and furnishings and sell at reasonable prices.

The new business concern will be opened about the 15th of this month in the store adjoining the Palace Garage.

### WOMAN'S CLUB CARD PARTY

The Sonoma Valley Woman's Club will give a card party on Wednesday, February 13th. A home made candy sale will be held during the evening.

The committee in charge of the February party is as follows: Mesdames Hays, Adler and Burlingame, and Miss Meta Stofen.

### MRS. MARY SHAW RALLIES FROM ACCIDENT

Mrs. Mary Shaw esteemed pioneer mother of Sonoma Valley, who fell and broke her hip last week, has rallied from the serious accident and is doing as well as can be expected, so her physician, Dr. A. M. Thomson, reports.

Mrs. Shaw slipped on a rug in her home, causing the fracture. On account of her advanced age of 87 years serious consequences were feared, but Mrs. Shaw, with characteristic fortitude, has borne the ordeal very bravely. She is being tenderly cared for by her daughter, Miss Pemberton, and a legion of friends hope for her recovery. Up to the time of the accident Mrs. Shaw was unusually active and alert despite her 87 years and her erect carriage and keen mind was the marvel of the community.

Sh is the mother of Lieutenant-Colonel Herbert Shaw of the United States Army, stationed in Texas, and of Harry Shaw of Los Angeles. Her daughter, Miss Pemberton, resides with her at the pretty Sonoma bungalow which has been her home since the Shaw place each of town was disposed of.

### WILSONS WRITE FROM CALEXICO

The following letter was received this week from Mrs. F. C. Wilson of Wilson's Orchestra, formerly of Boyes Springs:

Calexico, Cal., Feb. 4, 1924.

"Dear Friends:—

"Enclosed find money order for your paper for a year. I don't remember the exact date it was due, but believe it was around the first part of January.

"I was up through Sonoma Valley about two weeks ago. Was on a trip to San Francisco and Oakland. Our party did not stop only at Boyes Springs. I did not know it was the same place with everything burned down, and it sure looked lonesome. However, I noticed several new and better buildings going up which means a new Boyes Springs.

"We are very busy now, having a new position in Mexicali. Mr. Wilson has his own orchestra of seven pieces and we are doing well. Sure enjoy getting the paper. It is the first thing I look for on Monday. My sister and husband, Mr. and Mrs. Carroll, are still in New York where he is connected with a bond house and doing well.

"Regards to you and everyone we know, from Mr. Wilson and myself.

"Sincerely,

"Mrs. F. C. Wilson."

### HIGH SCHOOL NOTES

Miss Alice Lighter, who has taken Miss Rolfe's place as teacher of languages, reported for her new duties last Monday. Her young and amiable appearance "took" with the students and she bids fair to become very popular with them. Newness within her classes has already worn off and the work is once more running smoothly.

Another edition of the Weekly News was issued last week with Sabina Sebastiani and Gertrude Rhoads as editors. Each edition finds some improvement over the last as the editors profit by the experience of others. In a very short time we will have a paper that is really worth while. A regular school paper will not be published until next year, it is believed.

The members of Spanish II class are very proud of themselves now. Miss Lighter, new Spanish teacher, told them they were very good students. They have not taken all the credit, however, but have pointed to Miss Rolfe's splendid teaching as the reason for their accomplishment.

Friday evening, February 1st, two interesting basket ball games were played with San Rafael on the Sonoma court. Sonoma's 130 pound team was defeated 15 to 12. "Frenchy" Boleris made several pretty shots during the game. San Rafael's unlimited team came out on the bottom side of the score, 18 to 15.

### NOTICE

EPH. WEISS, the optometrist, will resume practice in Sonoma and will be here at the Union Hotel on Feb. 16th.

### RAIN THIS WEEK A GREAT BOON

The rainfall of the past week amounted to 4.27 inches up to yesterday morning and has done wonders for the Sonoma Valley where bounteous crops are now assured. The weather is warm and is characterized as ideal growing weather.

Rainfall for the season totals 11.97 inches up to yesterday.

### FIGHTING WOOD CHOPPER AT PETALUMA

Wm. Kent, the boxer, known as Sonoma's Fighting wood-chopper was on the Petaluma card Tuesday night and his match with Geo. Stone of San Rafael was declared a draw. The contest was a thriller and Kent immediately asked for a return match which was accepted.

### PAULSON CLOSES HIS BUTCHER SHOP HERE

Walter Paulson who has conducted the Cash and Carry Meat Market in Sonoma for the past two years, has closed his shop and one out of business. He recently passed a civil service examination for meat inspector and will take a state job with headquarters in San Francisco.

Mr. Paulson expects to move his family to the city shortly. His mother is also residing there.

While in Sonoma Paulson built up a very good trade and he desires to thank the public for the patronage accorded him.

Mrs. Tom Corcoran, charming hostess of Agua Caliente Springs Hotel, attended the Glen Ellen Club whist party last week with a party of friends and captured first prize at whist.

AT BIRTHDAY PARTY

Miss Margaret Corcoran, attractive daughter of Mr. and Mrs. Tom Corcoran of Agua Caliente Springs entertained forty young friends in honor of her fifteenth birthday last Saturday evening. A number of former school mates from San Francisco came up for the event and Sonoma High School friends made up the remainder of the guest list. The young hostess assisted by her mother provided a delightful evening for all. Music for dancing was furnished by Miss Grace Barr and Cecil Hunter of the High School orchestra. After the dancing, the young folks sat down to prettily decorated tables and partook of a delicious repast.

This Saturday evening, Miss Beth Corcoran will entertain in honor of her 11th birthday.

SKELETONIZED VERSION  
OF A MOVIE DREAM

The following is a skeletonized version of Sonoma Valley's movie dream a history of the effort to get a motion picture studio located here. While a sad story, Sonoma may yet write worth while history and achieve its ambition to interest an accredited producer in this field so admirably adapted for filming pictures:

## Reel I

Sonoma finds itself with a Coney Island park and redhot for some enterprise. What's the answer?

"The play's the thing!"

Moving picture plays to be filmed here.

"Wanted—a movie magnate."

"One fine one appears in a Royal Royce.

Carries great weight.

Is banqueted.

Proves fluent speaker.

The sunshine of his smile takes in the Valley of the Moon.

Wants no money! Wonderful!

Coney Island engaged.

Movie hall held (one better than the Wampas).

Everybody in the spotlight, including beautiful screen stars with peach bloom hair.

Magnate addressed multitude.

Spell-binder, no fooling.

Everybody boosts.

Promoter and stars luxuriate at Fetter's Hot Springs Hotel.

Keep bell hops hopping.

## Reel II

Work starts on two reel comedy and film stunts take big.

Bank is held up; comedy stuff; everybody falls for comedian.

Later—Comedian falls; is injured. No comedy stuff.

Curses! Sonoma deputy sheriff appears.

Has warrant for hero.

Movie magnate has cashed phony check.

Admirers loyal. Chorus: "Be you a crook?"

Answer: "No, a thousand times, no."

Bail for hero.

## Reel III

Rotund comedian fails to make good on check.

Leading citizens make good.

Organize company to take over picture project.

A board bill looms. "A man must eat."

Citizens square it.

"The Account of a No-Account Count" proceeds.

"Shoot!" Chorus of director.

"No jack, no shoot." San Francisco camera man.

Camera man gets money.

Picture completed.

Corporation ties promoter "hand and foot."

## Reel IV

Houdini out-Houdined.

Montana heard from.

The plot thickens.

Following action in drama gathers momentum.

More bail, extradition, habeas corpus, lawyer, Governor, deputy sheriffs, automobile men and bouncer looms.

Movie man in toils. Flees.

Spirited away by typewriter expert who had the key to situation.

Under cover.

Detectives discover him in hiding at midnight.

Thwart plan for habeas corpus.

Rush him out of county.

Magnate on his way. Boards train for Montana with deputy sheriff, singing, "I didn't take the \$50,000."

Sonoma's dream fades.

## LOUIS KEARNEY

## SELLS HIS HOPS

Sixty bales of 1923 Sonoma county hops were sold this week by Louis Kearney for 29½ cents per pound. It was stated that 30 cents would now be offered for choice Sonomas. It was stated further that the Sonoma county market was firm and that there was some activity. Contracts were still being offered growers for one or three years at 20 cents per pound.

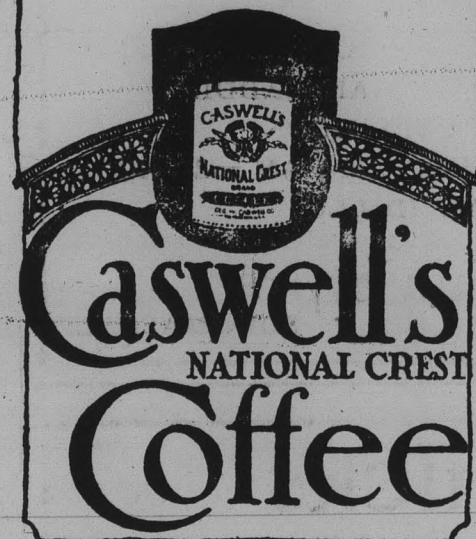

The number of bales of 1923 hops in the hands of growers was given yesterday as follows: Sonoma county, 485; Sacramento county, 1621; Mendocino county, 299; Oregon, 3350; Yakima, 900; West Washington, 450 bales.

POPULAR YOUNG MATRON  
HAS BEEN QUITE SICK

Mrs. Leona Batto, of Vineburg, widow of the late Arthur Batto, has been quite ill with scarlet fever and under quarantine. She is reported improved this week. Her mother, Mrs. Groskopf, and other relatives, have been giving her the best of care.

Ford

THE UNIVERSAL CAR

Forecasting A Tremendous  
Spring Demand

739,626

more Ford cars and trucks were pro-  
duced last year than the previous  
year, an increase of over 50 per cent.

In spite of this tremendous increase in production, it was  
impossible to meet delivery requirements during the spring  
and summer months when orders for 350,000 Ford Cars  
and Trucks could not be filled.

This year winter buying for immediate delivery has been  
more active than ever before—and in addition 200,000  
orders have already been booked through the Ford Weekly  
Purchase Plan for spring delivery.

## KITTEN STARTS ON

## A LONG JOURNEY

A blue Persian kitten three months old was shipped from Sonoma by Mrs. L. S. Simmons to Honolulu Tuesday. The pretty feline, Valley of the Moon Blue Moon, was bought by Dr. Boosen for his grandson in the Islands. The beautiful little traveler was nicely boxed for the trip across the ocean and appealing requests, such as "Feed me my milk," decorated the pen.

Miss Florence Murphy enjoyed a feast of music in San Francisco over the last week end. She attended the

Gorgoza recital and operatic performances of the San Carlo Opera Co.

Frank M. Burris has been down south superintending the planting out of orchard on his Kings county ranch. Mr. and Mrs. Henry Watters and family have been out at the C. C. Champlin ranch looking after the place which Mr. Champlin has been at Davis taking a short course in dairy work.

Mr. and Mrs. Butts of Vacaville were here last Sunday visiting Mrs. Butts' brother, Frank Muller, local merchant and delicatessen king. The Vacaville visitor has a meat market in that city.

## COOLIDGE ENDORSED AT MEETING IN SANTA ROSA

Fred C. Handy of Ukiah and Glenn E. Murdock, Santa Rosa banker were named Saturday by the Coolidge Republicans of the First Congressional District as candidates for election as delegates to the Republican national convention in Cleveland. Declaring in a resolution that "the United States is fortunate in having so able a man as Vice President Coolidge to take the office left vacant by President Harding the convention unanimously endorsed Coolidge for re-election to the presidency.

Leon Spiers of Willows was named Handy's alternate and F. W. Georgeson of Eureka was selected as alternate to Murdock. Before the convention, which was held in Odd Fellows' Hall in Santa Rosa, it was understood that Murdock and Louis C. Everding of Arcata were to be the delegates selected, but this program was changed when Everding sent word that he could not accept the nomination.

Word was sent to Governor Richardson it as said, asking him to approve F. W. Georgeson for the position, and the governor approved the nomination, the report states, but during the progress of the convention the change in favor of Handy was made by a nominating committee, appointed on the motion of former Assemblyman Jack Pettis.

The motion was made by Pettis, following a nominating speech made by Senator Walter F. Price, in favor of Mr. Murdock, that a nominating committee be appointed to select names for the consideration of the convention. The motion, seconded by J. Emmett Olm-

stead of Petaluma was carried.

Price named Pettis, Thomas Selvig of Humboldt county, W. E. Jones of Marin county, Olmstead of Sonoma county, and Mrs. W. A. D'Egilbert of Glenn county as the committee. These five withdrew and in a few minutes returned with the recommendation as later adopted.

One of the first actions of the convention was the unanimous adoption of the resolution endorsing President Coolidge, Governor Richardson and State Secretary Frank C. Jordan.

Following the election of W. F. Price as permanent chairman and J. B. Platt permanent secretary of the convention, it was decided that a vice chairman should be elected, and J. R. Pettis was chosen for the position.

Much enthusiasm was stirred up by a brief talk by William D'Egilbert, who had been touring in Republican interests in all the south counties of California. He declared that he found in the 24 counties visited a deep, overwhelming wave of Coolidge sentiment rolling over almost all of Southern California, which has quite washed away the Hiram Johnson support.

"Coolidge's election will assure us a government in Washington, not in Russia or in South Dakota," D'Egilbert said.

He stated that three-fourths of the 24 counties visited will go for Coolidge, and that these include many of the counties heretofore for Johnson. He declared also that Governor Richardson's administration is meeting with generous approval in the south.

Former Assemblyman Jack Pettis declared that America felt safe on the death of President Harding in having such a steady man as Calvin Coolidge to step in as the leader of the nation and that trust in the present executive was growing stronger.

"The eyes of the nation are on California," Pettis said, "and the action taken by the people of this state will be a great influence with other states of the union."

While the nominating committee was in secret session, former Senator Thomas Selvig spoke a few words of praise for Ex-President Wilson. He declared that, although of another party, Wilson enjoyed the respect and esteem of the American people and that his death would be mourned by the nation.

The following were selected as delegates to the State Republican convention to be held in San Francisco February 25th:

Humboldt County—Fred J. Moore, with Mrs. Glenna C. Smith as alternate; Sonoma, Dr. O. E. Jackson, with Carl Barnard as alternate; Mendocino, Charles M. Marmon, with C. Sternberg as alternate; Glen, G. A. Gutman, with Mrs. D. L. Tucker; Colusa, none named; Sutter, L. H. Woodworth, with no alternate selected; Yuba, A. W. Gluckman, with no alternate; Lake, W. P. Mariner, with no alternate to be named from Del Norte; Marin, Harry Murray, with W. E. Jones; W. S. Hall with no alternate selected.

All these delegates and alternates to the state convention were first chosen by a committee of six appointed on motion of Olmstead.

Plans for an active Coolidge campaign in this Congressional District will be inaugurated soon, it is expected. The convention in Santa Rosa was one of the best held in this part of the state, it was stated, and the whole tone of the meeting was sounded in favor of Calvin Coolidge.

## BLAIR HART BUYS A FINE HOME

(From Petaluma Argus)

The attractive cottage belonging to the estate of the late Mrs. Mattie Gould, located on Eighth street, near D, which is occupied by Mr. and Mrs. J. G. Pierce, was on Friday sold to Supervisor and Mrs. Blair Hart, who will as soon as the present tenants find another place to reside, take possession and will make the place their home.

There were number of bidders, but Mr. Hart having offered the highest price, was awarded the property by the executors.

The house is a modern cottage of six rooms and was built only a few years ago. The lot is 60x95 feet in dimensions and the property is beautifully located.

## SURVEY COMPLETE FOR SONOMA-NAPA PHONE LINE

Engineers in the employ of the Pacific Telephone and Telegraph Co., have completed a survey over a private right-of-way for a new toll lead from Sonoma to Napa, which was recently purchased by the company.

This lead will be constructed over a section which will make it remote from every high-power line between the two counties and thus eliminate induction from power circuit, it is said.

Work on this latest project of the Pacific Telephone and Telegraph Co. will be started and completed some time during the present year and will be installed at a great expense to the company, according to reports.

The line will be strung over a distance of twelve miles. It will be absolutely standard in every respect.

## Manufacturing Comfort

is the pleasant task of the

P. G. and E.

FIGURATIVELY, the P G and E stretches its tireless arms across arid wastes, harnesses streams and makes light, power and convenience responsive to the touch of your finger.

It fashions huge tanks, lays pipe, makes gas—and carries heat to the home, or industry.

With courteous grace it supplies power to assist Mi-lady with housework. Its brawny strength propels speeding trains, whirls massive wheels of factories, and helps the farmer in his toil.

In its service to housewife, rancher, manufacturer and merchant, it performs many remarkable feats. Transporting 220,000 volts of electricity at one time, for the great distance of 208 miles, is but one of several achievements that have brought fame to this Company.

The P G and E assures comfort for you and makes it attainable at low cost. Health, happiness and progress are dependent upon the fidelity with which it serves.

# **CALLER NORTH BY DEATH OF FATHER**

Victor and Frank Giorno received the sad news of the death of their father in Ukiah last Monday and left immediately for the north, accompanied by their wives. They remained until Thursday for the funeral of their beloved parent who had been very ill several weeks. A widow, daughters and other sons survive deceased pioneer besides the sons who are residents of Sonoma where they take a prominent part in fraternal and social affairs of the community.

During Mr. and Mrs. V. Giorno's absence at the funeral their little girl was taken quite sick here but is reported better.

# **VALENTINE DANCE OF O. E. S.**

The Eastern Star ladies are completing arrangements for their valentine dance. The decorations will be in keeping with St. Valentine's day and the famous Sebastopol orchestra will play many of the new waltzes, fox trots and other favorites. Refreshments will be served by a gracious committee which is preparing for a large crowd on the 16th.

The Sonoma Valley Improvement Club held their regular meeting on Tuesday, February 5th, President White in the chair. The report of the entertainment committee added a considerable sum to the treasury. The secretary was instructed to write the non-member entertainers and acknowledge the club's appreciation of their services.

The Fire, Light and Water Committee, composed of N. M. Peterson, Jack Mueller and Charles Perkins, made interesting reports showing their thorough knowledge of the matters discussed.

M. Y. Hansen in his report on the schools, revealed a mine of information, the welfare of the children being the first consideration. He would make an admirable school trustee.

Our old friend, Bill Curveau, has decided to make his home with us and will open an up to date barber shop here.

It is regretted that some of the neighboring clubs cannot resist an occasional slam. Where a family is divided it delays progress. If one could only realize what a small world this is, and what atoms we human beings are, the realization would surely bring the various units together. It is only by mass formation that great things are accomplished. Let us forget factional strife, work together as one unit and the influence of the one individual force will be felt over the entire valley. No single person can dominate a community.
